Dear All,

As we find ourselves half way through the academic year, I like to reflect on how things have been since September. It is important that we celebrate the positives (a good Ofsted for example), but it is also important that we think on our 'even better if's'. For me, the essence of learning is being able to honestly reflect and use this to grow and develop skills and knowledge. This is why it is so important to me that we work with you on making our school the very best they can be.

The value of our knowledge multiplies when we share what we know with others.

@simonsinek

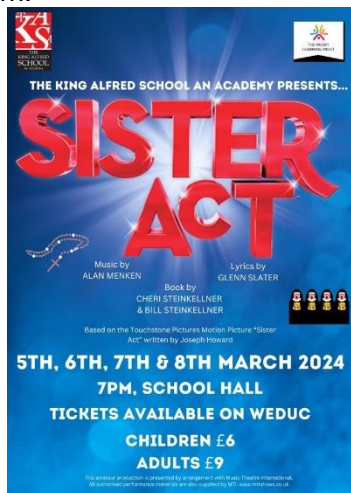

As always, if there is anything you would like to talk to me about, please feel free to contact me.

Have a wonderful week, see you on the 19th!
